

2024 POSTER FAIR

The **November 21, 2024 IPEC Poster Fair** seeks to stimulate conversations around experiences trying out and implementing interprofessional education for collaborative practice (IPECP) initiatives. **Register now** for this virtual event.

CALL FOR POSTERS

APPLY BY
11TH
SEPT

IPEC invites submissions relevant to IPECP, which address, but are not limited to, the topics below. IPEC also welcomes encore work that has already been seen in other places, but would be of great interest to the larger IPE community.

Presentations will be peer-reviewed, and an IPEC award will be presented for the best poster(s). Winners will be featured on the **IPEC Poster Collection** and will receive a discount for a future **IPEC Institute**.

POSTER TOPICS

-  IPE curriculum design
-  interprofessional clinical learning experiences
-  simulation-based IPE
-  implementing the new IPEC competencies
-  integrating climate change and sustainability
-  interprofessional research and scholarship
-  advancing health equity and well-being
-  interprofessional leadership
-  building multi-institutional partnerships
